Intensive English High School Track Program

This program provides international high school students with intensive English language training and a general orientation to the American high school experience.

The Program includes:

- 25 Intensive English units per week
- 5 High School Preparation units per week* - focusing on study skills needed for high school study
  - Adapting to the U.S. secondary system
  - Transition to student life in the U.S. and adapting to American culture
  - U.S. Social Studies (basic history, politics and economics)
  - Terminology for high school students
- Homestay with local families

Optional Activities:

Our TALK activity program is a great way to meet and make friends with students from all corners of the world. That is why we plan a wide range of activities and excursions every week.

"It was difficult for me to speak and be understood in English when I came to this school four months ago. But because I met great teachers and friends, my English has improved. Thank you so much to my teachers, I’ll never forget you guys."

Mami Hayashi
